December Theme Empathy

For the month of December, we are going to focus on Empathy. Empathy is a practice that can help our students grow strong in their relationships with one another.

Classes will be focusing on activities during Homeroom and Morning Meeting that foster understanding of one another as well as connecting with other people's feelings.

Please talk with your child about what empathy means in your family!

Bringing It Home

What can you do at home to support the theme of Empathy?

Find a time to sit together as a family and celebrate all the ways you have practiced empathy. Take turns sharing responses to the following prompts or create your own! Remember to practice empathy as you listen to each other.

1. What is one way a family member has shown you empathy lately?
2. Share about a time you stopped to look at a situation from someone else's point of view.
