No Bad Kids - Toddler Discipline Without Shame by Janet Lansbury

When it comes to discipline, parents are faced with a deluge of expert advice that can be perplexing, contradictory, and sometimes just plain impossible to follow. An effective, respectful approach to discipline that requires a new lens is shown to us in the book, **No Bad Kids**. During this class, we will sort out what kinds of interventions work for successful guidance of toddlers' assertion. Join us for a thoughtful discussion on how we can help our toddlers assert themselves without shaming them as they are doing it.
