

Adventure Club Extreme Weather Closing Protocol

- If there is a 2-hour late start, before school K-4 Adventure Club is CLOSED. Preschool Adventure Club will open at 11:00 am.
- If school is deemed CLOSED by the Superintendent, all Adventure Club programs will be CLOSED for the entire day that school has been deemed closed.
- If school dismisses early, after school K-4 Adventure Club will be CLOSED and all Preschool Adventure Club students must be picked up by the time the Superintendent has ended the K-12 school day. For example, if the K-12 day is ending at 1:00pm, Preschool Adventure Club students must be picked up by 1:00pm.

Sometimes the Superintendent makes the call the night prior and other times the decision isn't made until early morning so please always double check in the morning!

You will receive a District Skylert message whenever there is a weather-related closing. If you are not receiving these messages, please let us know.

In the case that Adventure Club is closed due to an unforeseen emergency and/or snow day, all families registered for the session affected by the closure will receive a credit for the session's cost. A maximum of 3 days will be credited. In the circumstance that we were to have more than 3 emergency and/or snow days, families would be responsible for payment on these days.
