Important message from Westonka Bus Service regarding transportation services for the 2020–2021 school year

In order to limit our riders' risk of exposure to COVID-19 the Westonka Bus Service is implementing updated rules and regulations for students riding buses. These new rules will help keep everyone safe and healthy as we navigate the new school year. Please also take the time to review the bus rules packet by clicking here. The following are some new rules that we would like to highlight:

1. Each student must register to ride the school bus.
 - Students will not be permitted to ride the bus until they have been registered.
 - It may take up to 2 weeks to be added to a route once you are registered.
 - If there is more than one student in a family, each student must be registered individually.
2. Students will be assigned to 1 bus and 1 bus stop (with the exception of students with multiple residences, or before / after school childcare location).
 - Note: If students have activities after school such as appointments or play date with friends it is the responsibility of parents to driver them there after they arrive home at their regularly scheduled bus stop.
3. Students must fill seats starting in the back of the bus first then working toward the front. Siblings will be asked to sit together whenever possible.
4. There will be absolutely no food or drink allowed on the bus.
5. Students must wear a face covering through the duration of their bus ride (Executive Order 20–81) Failure to abide by this rule will result in transportation privileges being revoked.

These rules have been formed by 4.0 School Services and the Westonka Bus Service with consideration to MDH and the CDC to ensure the health and safety of the families we serve as well as our staff and office personnel. Failure to comply with the above stated rules will result in transportation privileges being revoked immediately.

Westonka Bus Service and ISD 277 strongly encourage parents to drive their child(ren) to and from school if they have the capability to do so. Fewer riders will help limit potential exposures to COVID-19 and allow more room for those who are in need of transportation.

If you are driving your student (or your student drives themselves) and do not need transportation provided, please check the box:

I do not need transportation for my student.
