## **Mother Daughter Networking Gala** Sunday, December 4th, 2022 1:00-3:00PM Grandview Middle School Cafeteria

***Goal:** It can be argued that the bond between a mother and her daughter is the strongest of all. It is key that through a young person's professional journey, they need support from the most important people in their lives and positive role models. The goal of Like A Girl's Mother-Daughter Networking Gala is to build on the connections between mothers and daughters and foster a supportive community/environment for: women empowering women, women supporting women, and women helping other women advance themselves. Mothers and daughters will share their dreams, goals, and challenges with each other in order to foster discussion and find ways to support each other.*
